From the towering heights of the Empire State Building to the serene beauty of Central Park, Maisel's photographs offer a unique perspective on the Big Apple. He captures the city's energy and vitality, as well as its moments of peace and tranquility. Whether you're a lifelong New Yorker or a first-time visitor, *New York Just Picture* is sure to give you a new appreciation for this amazing city.

The Empire State Building

The Empire State Building is one of the most iconic buildings in the world. It is a symbol of New York City and a must-see for any visitor. Maisel's photograph of the Empire State Building captures the building's grandeur and its place in the city's skyline. The photograph is taken from a low angle, which makes the building appear even more imposing. The sky is a deep blue, which contrasts with the white of the building. The photograph is simple, but it is also very effective. It captures the essence of the Empire State Building and its place in New York City.

The Statue of Liberty

The Statue of Liberty is another iconic New York City landmark. It is a symbol of freedom and democracy, and it is one of the most popular tourist destinations in the world. Maisel's photograph of the Statue of Liberty captures the statue's beauty and its significance. The photograph is taken from a distance, which allows the viewer to see the statue in its entirety. The sky is a deep blue, which contrasts with the green of the statue. The photograph is simple, but it is also very effective. It captures the essence of the Statue of Liberty and its place in New York City.

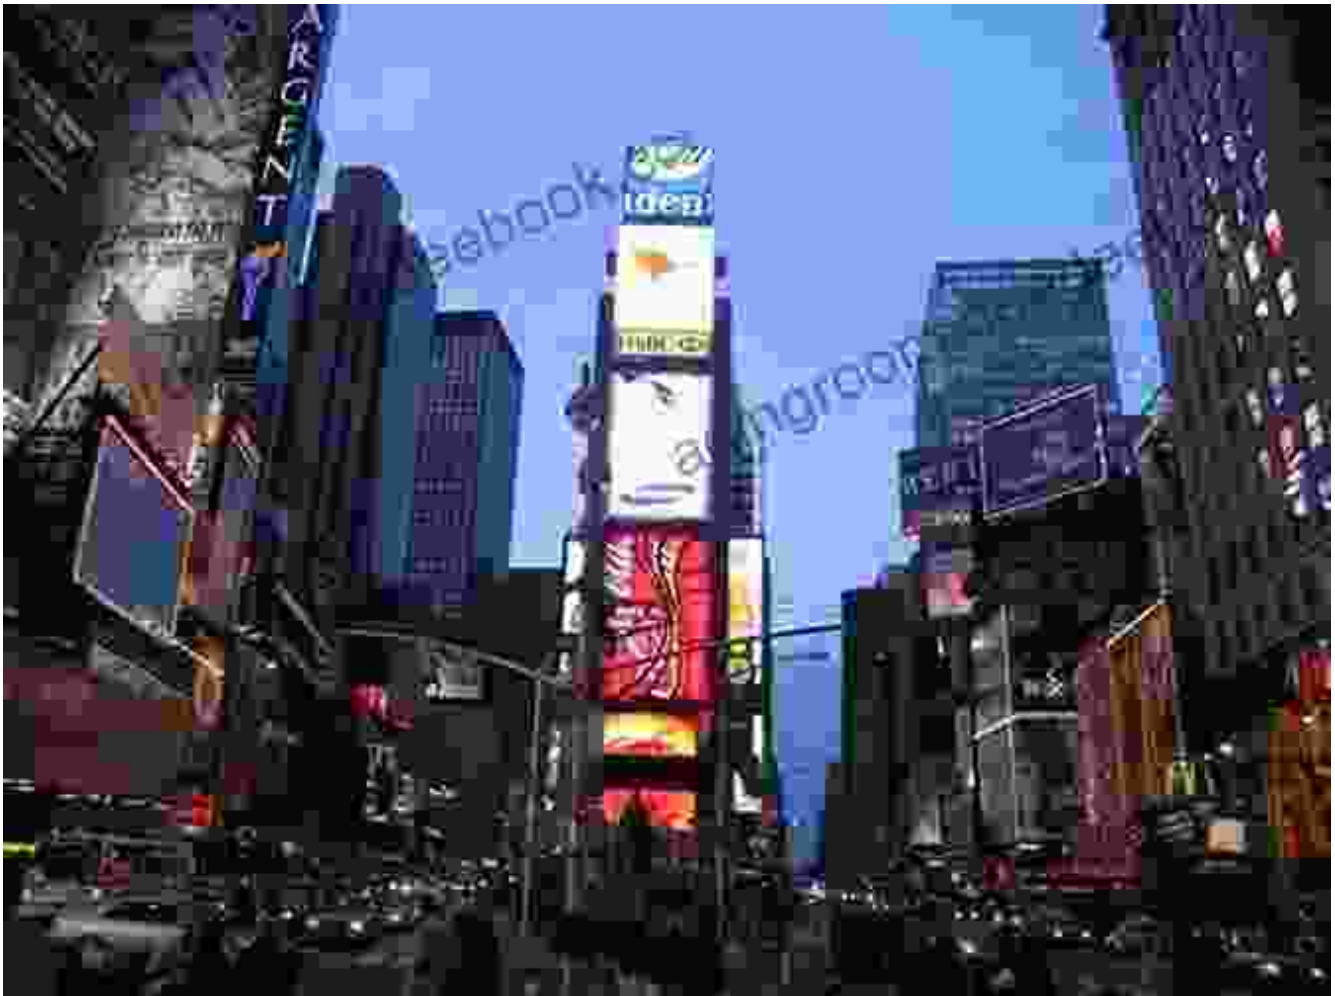

The Statue of Liberty is a symbol of freedom and democracy.

Times Square

Times Square is the heart of New York City. It is a bustling intersection that is filled with lights, billboards, and people. Maisel's photograph of Times Square captures the energy and excitement of this iconic location. The

photograph is taken from a high angle, which gives the viewer a bird's-eye view of the square. The lights of the billboards are bright and colorful, and they contrast with the dark sky. The photograph is full of movement and energy. It captures the essence of Times Square and its place in New York City.

Central Park

Central Park is a large, urban park that is located in the heart of New York City. It is a popular destination for locals and tourists alike. Maisel's photograph of Central Park captures the beauty and serenity of this iconic location. The photograph is taken from a distance, which allows the viewer to see the park in its entirety. The trees are a deep green, and they contrast

with the white of the buildings in the background. The photograph is peaceful and tranquil. It captures the essence of Central Park and its place in New York City.

Central Park is a large, urban park that is located in the heart of New York City.

The Brooklyn Bridge

The Brooklyn Bridge is a suspension bridge that connects Manhattan and Brooklyn. It is one of the most iconic bridges in the world, and it is a popular destination for tourists. Maisel's photograph of the Brooklyn Bridge captures the beauty and grandeur of this iconic structure. The photograph is taken from a distance, which allows the viewer to see the bridge in its entirety. The bridge is a dark gray, and it contrasts with the blue of the sky.

The photograph is simple, but it is also very effective. It captures the essence of the Brooklyn Bridge and its place in New York City.

New York Just Picture is a stunning collection of photographs that capture the essence of New York City's most iconic landmarks. From the Empire State Building to the Statue of Liberty, these images offer a unique perspective on the Big Apple. Whether you're a lifelong New Yorker or a first-time visitor, *New York Just Picture* is sure to give you a new appreciation for this amazing city.
