- Keychain findings: These are the metal components that you'll use to attach your keychain to your keys. You can find keychain findings in a

variety of shapes and sizes, so you can choose the ones that best suit your needs.

- **Cord or chain:** This is what you'll use to connect your keychain findings to your charms or other embellishments. You can use any type of cord or chain you like, but some of the most popular options include leather cord, suede cord, and metal chain.
- **Charms or other embellishments:** This is where you can really get creative. You can use any type of charms or embellishments you like to personalize your keychain. Some popular options include beads, pendants, tassels, and charms.

## **Tools You'll Need**

The tools you'll need to make keychains will also vary depending on the type of keychain you want to make. However, here are some of the most common tools:

- **Wire cutters:** These are used to cut cord or chain to the desired length.
- **Pliers:** These are used to open and close jump rings and other metal components.
- **Scissors:** These are used to cut fabric or other materials.
- **Measuring tape or ruler:** This is used to measure the length of cord or chain you need.
- **Super glue or other adhesive:** This is used to attach charms or other embellishments to your keychain.

## **Step-by-Step Instructions**

Now that you have all of the materials and tools you need, it's time to start making your own keychains. Here are some step-by-step instructions for making a basic keychain:

1. Choose your keychain findings.
2. Cut a piece of cord or chain to the desired length.
3. Thread the cord or chain through the keychain findings.
4. Attach any charms or other embellishments to the cord or chain.
5. Secure the charms or embellishments with super glue or other adhesive.
6. Allow the glue to dry completely before using your keychain.

### **Tips for Making Keychains**

Here are a few tips for making keychains:

- Be creative and have fun. Don't be afraid to experiment with different materials and techniques.
- Use high-quality materials. This will ensure that your keychain will last for years to come.
- Take your time and be careful. Making keychains can be a delicate process, so it's important to take your time and be careful not to make any mistakes.
- Have fun. Making keychains is a great way to relax and de-stress. So enjoy the process and create something that you'll love.

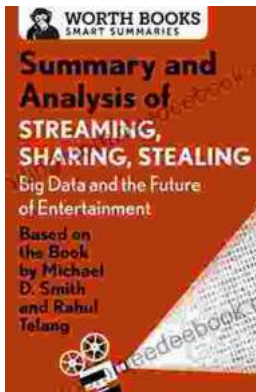

Making keychains is a fun and easy way to add a personal touch to your accessories. With a little creativity and the right materials, you can make your own unique keychains that will be sure to stand out from the crowd.
